Train Scheduler
- An application that allows the user to input their train information with a return board of train data entered
- Incorporates HTML5, CSS3, Firebase, jQuery
- https://cait-sidener.github.io/Train-Scheduler/

The Right Side of the Bed
- This group project is an application to start your day out on a positive note by providing music, forecasting the day's weather, calculating commute time, showing the top news headline of the day, and motivating users to get up and exercise.
- Incorporates HTML5, CSS3, jQuery, local storage, APIs, user validation
- https://cait-sidener.github.io/Project1/

GifTastic
- The application allows users to input their favorite canine friend for a list of related hilarious and sweet gifs
- Incorporates HTML5, CSS3, jQuery, API
- https://cait-sidener.github.io/GifTastic/

WORK EXPERIENCE

Billy Mills Middle School, Lawrence, Kansas
English Teacher, 2017 - 2018

Developed students' academic and interpersonal skills through academic courses of study; documented teaching and student progress/activities/outcomes; addressed specific educational needs of students; provided a safe and optimal learning environment.

- Assistant directed the fall and spring plays
- Developed professionally through a course designed to meet the needs of culturally and linguistically diverse students

Hampton High School, Hampton, Virginia
French Teacher, 2016 - 2017

Worked with seven different sections of students that included those enrolled in the International Baccalaureate (IB) program. Prepared seniors for the four-part IB exams and administering oral section of the test. Many of these students attended the World Language Day competitions at Mary Washington University - a series of poetry readings and spelling competitions.

- Successfully won the title of the top school in French for the World Language Day competition

Prairie Star Middle School, Leawood, Kansas
French Teacher, 2014 - 2016

Explained French language instructions to middle school students, developed and assess instructional strategies focused on Kansas academic standards, and created interactive French classroom sessions.

- Assistant directed the spring musical
- Accurately supported organizational needs and encouraged coding by teaching a Guided Studies course
- Effectively facilitated and structured the Diversity Club
